HOPKINS HEADS JOB CAMPAIGN

Ordered by Roosevelt To Direct Relief Drive Until PWA Volume Increases

$85 000,000 FOR 6 WEEKS

Temporary Work To Fill Gap of Unemployment Between Now and June.

By The Associated Press

HYDE PARK N Y Sept 13 — President Roosevelt announced orders today for the works progress administration under Harry L Hopkins to take over the works relief drive until the permanent public works program of Secretary Ickes reaches a greater volume of employment

In a detailed explanation of the whole works problem at his regular press conference today the President related that yesterday Hopkins provided a program for the coming six weeks which $55 000 000 additional for direct relief—another reduction in this

As for the contest between Secretary Ickes public works plum and Harry Hopkins temporary works idea he said the problem was reduced to *the proposition of* dollars men to be employed and the time for completion

Cites Jobless Gap

He stated it was unlikely that the funds already allocated for permanent structures would reach *a peak of employment before next* June Therefore the gap must be filled in by temporary work under jurisdiction of Hopkins he explained

Because of this Mr Roosevelt said the bulk of the remaining $1 250 000 000 *from the four billion* fund to be spent in the next four months would go to temporary jobs

This must be done he asserted if the objective of taking 3 000 000 from relief rolls is achieved by the November goal

At the same time he said consideration would be given to the permanent public works projects He announced that Secretary Ickes has been asked to submit a list of projects of this nature and he laid down four rules for their approval

Must Be Let By Dec 15

These are that contracts must be let on or before Dec 15 the projects must be completed in a year they must be in an area

WATCH FOR TROUBLE

Friday the Thirteenth Hoodoo Prevails Today

The weatherman did his part to make Friday the 13th an agreeable day and apparently the balmy weather erased any fears and superstitions Marion ites may have about such things

At noon today the residents were going about their duties seemingly unconscious that the day might hold untold misfortunes for them Nothing had happened that could be blamed on the date

September and December are the only months on the 1935 calendar that are pastered by Friday the 13th's, and the December hoodoo day will be too close to Christmas and the holiday season to cause anyone much worry.

All in all, the old Friday the 13th dread seems to be on the way out, judging from Marion's reaction today.

Aged Deaf Man Again Escapes Death on Tracks

Mute Walks Into Side of Locomotive on Crack Train

For the second time within the last several weeks Isaac Whisler a 75-*year old deaf* mute who lives at 213 North Main street narrowly escaped death under the wheels of *a passenger locomotive* at the Big Four crossing on North Main street

At 5 30 a m today the aged man walked into the side of the locomotive pulling the first section of the Pig Fours crack passenger train the Southwestern Limited as the engineer jammed on the air brakes stopping the train in several coach lengths

Mr Whisler came in contact with the cylinder drive on the engine and was knocked into the ditch beside the tracks a few feet from the side walk He suffered a deep cut on the right hand which required seven stitches to close a badly bruised arm and severe shock

Witnesses reported that the quick stopping of the westbound train saved Mr Whisler from probable death Both the first section and the second section following were at almost a standstill when the first were held up about 15 minutes

Last Aug 5 the life of the aged man was saved at the North Lib street crossing when Phil Pruzo who lives adjoining the crossing shoved him off the tracks two seconds before a passenger train passed the spot

Pruzo was standing on the porch of his home and realizing the deaf man had no suspicion that a train was approaching leaped from his porch and over a hedge in time to save him

DURBIN CASE BEFORE COURT OF APPEALS

Whether Indictment Was Legally Nolled Is Question To Be Decided

The question whether W W Durbin of Benson register of the United States treasury and prominent in Eighth congressional district Democratic affairs will be required to stand trial a second time on a charge of circulating unsigned election material was being debated today by the Third District court of appeals in Lima, The Associated Press reported

The court heard arguments Wednesday on a petition of J Dudley Sears of Bucyrus special prosecuting attorney for Crawford county, for a second trial

Durbin was convicted three years ago but Judge David Thomas of Marietta granted *him a new trial* and then nolled the indictment.

Sears contended Judge Thomas abused his discretion in nolling the indictment.

Fred W. Warner of Marion and W. J Schwenck of Bucyrus, counsel for Durbin, contended that justice had been done and there was no use to proceed further.

They pointed out that Judge Thomas nolled *the indictment* on the ground that there was insufficient evidence to warrant prosecution The attorneys also said that the man who actually circulated the literature never had been arrested.

The crux of the argument was whether the indictment was nolled legally.

EXTRA SESSION NEXT WEEK HAS THREE FOLD JOB

$34 000,000 Building Program Pensions and Relief Will Be Main Issues

SHORT MEETING EXPECTED

Governor Omits Budget Bill but May Call It Up in Supplementary Message

By The Associated Press

COLUMBUS O Sept 13—A $34 000 000 financing program faces a special session of the Ohio general assembly called today by Gov Davey for next Wednesday

Three primary purposes outlined in an executive proclamation dealt with raising of funds to aid the states 1 110 000 needy and 51 000 old age pension clients and providing work for thousands of jobless

Gov Davey has said he expects the session to last but a few days Sen Paul Yoder Democratic floor leader also expressed an opinion that the work would be cleaned up speedily

Three Subjects Brought Up

Subject matters—which the governor has the exclusive right to specify—are

1 Appropriation funds for the payment of old age pensions during the last four months of the year About $5 000 000 is needed

2—Finance the states share of a proposed $ 0 000 000 state building program It is based on a 55 per cent appropriation by the state and a 45 per cent grant by the federal government

3—Provide supplemental methods of financing relief for the remainder of the year Estimated that nearly $8 000 000 will be needed

The legislation is necessary because of the present emergency which threatens grave danger to the peace health and welfare of Ohio the proclamation stated

It cited lack of pension funds deplorable housing conditions at state institutions and the fact that present relief financing has been found unworkable in some counties

Omits Budget Bill

The governor omitted the problem of reenacting the state biennial budget Revisions were made necessary by his $8 500 000 vetoes of appropriations approved by the last session of the legislature

However he has the power to issue a supplementary proclamation and include the budget matter in *the call*

A supplementary message also may be issued to provide for a proposal to amend the old age pension law to take advantage of the federal social security act

Under this act the federal government aids in state pension payments Failure of congress to enact a deficiency bill left methods of financing the legislation in doubt

Pensions May Come First

The pension problem possibly will be the first for consideration Lack of funds deprived 22 000 clients of checks for August Checks to all pensioners for September will be *held up unless revenue* is obtained

Gov Davey is expected to propose a transfer of $4 500 000 in profits from the liquor monopoly system for pension needs This will leave $500 000 to be obtained from other sources

A setup of finance corporations to supply needs for the building program and relief needs is being considered by the administration

The governor said he anticipated final federal approval of the works program designed to put thousands of unemployed to work would be given before or shortly after the session is called

U S ALLOTS STATE $3,000,000 MORE

By The Associated Press

COLUMBUS O Sept 13—State headquarters of the federal relief administration said today it had been notified of an allotment of *$3 000 000 in federal funds for Ohio* direct relief during the latter half of this month

12,000 CROWD FAIRGROUNDS

Attendance Sets New Record for Recent Years, Officials Say.

TONIGHT ENDS EXPOSITION

Final Presentation of New York Follies Scheduled for 8 15 P M

With the fairgrounds so jammed with automobiles and fair visitors that the west entrance gates were closed for several hours yesterday afternoon officials of the eighty fifth annual Marion county fair estimated that 12 000 persons visited the grounds yesterday This estimate is one of the highest for a single days attendance in recent history of the fair especially for a Thursday, largest crowds ordinarily coming on Friday

With west gates closed no parking space was filled on that side of the grounds fair visitors were obliged to drive to the fairground street entrance near the harness horse barns and park that way Secretary Aultman Paub said The west gates were closed about 1 30 p m when the afternoon crowd reached a peak figure

Grandstand Filled

The grandstand was filled both for the Thursday afternoon harness races and for the program presented last night The stands 1 800 seats were occupied and all standing room taken last night the stanching having been sold out completely before the program he said

Next Friday's estimated attendance from the total estimates of daily attendance to date to 25 000 far in excess of early estimates that 20 000 persons would visit the grounds this week With today's attendance yet to be added fair officials today expressed a belief that this years fair will go down in fair records as one of the county's biggest Of the 25 000 persons visiting the grounds to date 8 000 came Tuesday when there was no admission charge and several hundred are persons in charge of commercial exhibits on the grounds

Today's program, which will bring the fair to a close tonight, included harness racing this afternoon, a draft horse parade at 3 p m, band music this afternoon and again at 7 p m and the final presentation of the program of the New York Follies tonight at 8 15

HULL REQUESTS PEACE BE KEPT

Points to Treaties Nations Signed and Obligations They Have Incurred

CITES RESULTS OF WAR

Reiterates Belief Controversy Can Be Settled Without Recourse to Arms

By The Associated Press

WASHINGTON Sept 13 The United States threw its full moral support into the scales against war today in a stirring last minute appeal by Secretary Hull for a peaceful settlement of the threatened Italo Ethiopian conflict

Proclaiming the peaceful ideals of the American people and citing this government's contributions toward the world's collective efforts to avert hostilities Hull called on all signatories of the Kellogg peace pact to observe their solemn obligations and maintain world peace

Although the strong plea—made in the form of a public statement last night was not a formal invocation of the peace pact it was interpreted in international circles here as lacking only the mechanical details and the added weight of other signatories to make it so

Points to Promises

Emphasizing that Italy and Ethiopia along with 61 other nations have pledged themselves to settle their disputes by pacific means Hull declared that since war would have serious and adverse effects on every other nation they had a right to demand that nations threatening world peace live up to their obligations

All nations he said have the right to ask that any and all issues between whatsoever nations be resolved by pacific means

Every nation has a right to ask that no nations subject it and other nations to the hazards and unnecessities that must inevitably ensue to all from resort to arms by any two

The American government's cardinal policy in regard to the Italo Ethiopian controversy Hull said is the preservation of peace

Every other nation including Italy and Ethiopia he asserted is committed by treaties to that same

Signs To Guide Football Fans To New Field

Markers Will Show Way to Game With Tiffin Calvert Saturday

Markers showing directions to the new athletic field at Harding High school stadium will be posted on city streets tomorrow morning Harding athletic officials announced this morning

Posters to acquaint Marion and visiting football fans with the route to the new athletic field will be up several hours before game time of 2 30 o'clock Principal K H Marshall said Harding High school's band under the leadership of L G Jones newly-appointed music supervisor in Marion city schools, will attend the first 1935 game.

A parade and concert will begin shortly after 1 30 tomorrow afternoon it was announced. Band members will meet at Central Junior High school and march to the courthouse esplanade for a brief concert. Following the playing of several high school songs, the band will parade to the new athletic field

The line of march for the Harding band will be State street to Church, down Church to Vine and Vine to Willow A program has been arranged by the band to be given between halves of the game

Seats in the new stadium stands will not be available tomorrow, it was definitely known this morning Bleachers have been erected on the east side of the field to care for seating of fans at the opening game with Tiffin Calvert.

Spectators have been asked by those in charge of stadium construction to keep away from the stadium so as not to interfere with work. Seats will be available for all spectators in the bleachers, Mr. Marshall said. It is still uncertain as to whether stands will be ready for next Saturday's game with Delaware Wills High school here.

Outcome of moves to install a lighting system for night football will probably be known the afternoon when the Harding High school athletic board meets at the school building. Efforts are now underway to obtain funding for the project at Tuesday night's meeting of the board members will be present to discuss the matter with the

DATE SET FOR MURDER TRIAL

Spagnuol, Indicted for Yoder Slaying Will Face Jury Oct 22

PLEA ENTERED TODAY

Lamonds Sentenced to Reformatory for Burglary of Oil Station

First degree murder trial of Dominic Spagnuol 41, of 848 Kenton avenue was set for Oct. 22 when he pleaded not guilty to the charge in common pleas court this morning

The date was set by Common Pleas Judge Hector R Young when Spagnuol entered his plea to a first degree murder indictment It charged him with fatal wounding of Jesse Yoder 37, of 751 Kenton avenue on Aug 1 after a quarrel over 10 cents in a penny ante poker game

Spagnuol was one of five persons indicted by the September term grand jury Wednesday to face Judge Young for arraignment this morning One pleaded guilty and was given a reformatory sentence

Spagnuol is trying to obtain funds to employ Fred W Warner to represent him at the trial It was expected to Judge Young Mr Warner retired Spagnuol's plea of not guilty

Lamonds Sentenced

The reformatory sentence was passed on Sheriff B Lamonds 37 of Grand ave Ky after he pleaded guilty to an indictment charging breaking and entering of the Tuttle plant of the Pure Oil Co on West Center street Aug 21

Judge Young sentenced him to an indeterminate term if one to 15 years in Mansfield reformatory and told him the length of his term would depend largely on his conduct in that institution

Lamonds had admitted, Prosecuting Attorney Paul D Michel said, he was one of two men who took part in the oil station burglary *and later leaped from a mov*ing truck, under police fire, and escaped in fields west of Marion. He has denied police reports that

Much Discontent Apparent Among Those Left in Charge of Louisiana.

By The Associated Press

BATON ROUGE La., Sept. 13—Lieutenants of Huey P. Long were reported ready today to barter with the national administration to smooth some of the troubled waters left by the death of the *state's dictator*.

There were many rumblings of discontent among those who had sat close to the throne and these had to be eliminated.

Long, before he was fatally wounded, by a bullet fired from the gun of Dr. C.A. Weiss Jr. had his willing legislature pass laws which aroused the ire of the Roosevelt administration and which cut off the flow of millions of dollars of federal funds into Louisiana.

One issue was income tax investigations. Several persons close to Long politically have been indicted for income tax violations and the returns of the senator himself have been investigated.

With Long dead and the importance of his political dictatorship a question of doubt the government's

By The Associated Press

GENEVA Sept 13 Premier Laval of France today placed France in the ranks with Great Britain Russia and the smaller nations of Europe in defense of the peace of Nations of the League of Nations covenant

Our obligations are inscribed in the covenant Laval told the League of Nations assembly I hope will not evade these obligations

An Italian government spokesman in Rome stated that what Laval said was neither favorable nor unfavorable upon Italy's course of action

South African Speaks

To this French stand opposed to the imminent war between Italy and Ethiopia was added a warning by the delegate from Great Britain's dominion of South Africa that an Italian invasion of Ethiopia might lead to racial trouble between the blacks and whites

Charles Theodore De Water the delegate from the Union of South Africa warned that Africa will arise in case of an Italo Ethiopian war

My government I said De Water and the whole people of my country both black and white view with deep concern and with the anxiousness born of the lastest knowledge of consequences the slow but apparently relentless march of the diseases of war into our continent

African Never Forgets

Let it never be forgotten the long memory of black Africa never forgets and never forgives injury and injustice

The South African delegate even hinted at the possibility his nation might withdraw from the league with the words We who have been desirous of continuing a most loyal member of the league believing profoundly in its purposes can continue as such only by a deep conviction in its honesty

Whether Italy would heed these warnings was still uncertain The irritation of the Italian delegate was probably mounting

"For 10 days we have been here now waiting for a real and serious examination of our accusations against Ethiopia" an Italian delegation spokesman said "With what result" a series of speeches full of insults intimidations and menace against Italy

TRACY AND BRICKER FLAYED BY DAVEY

Two Republicans Accused of Helping Defeat Old Age Pension Bill.

By The Associated Press

COLUMBUS O Sept 13—Gov Davey charged today that Attorney General John W Bricker and Auditor Joseph T Tracy, both Republicans, *connived with Republi*can legislators to help defeat a bill to provide old age pension funds

"These two Republican officials," he said, "have tried in every conceivable way to hamstring the present state administration, and to make it as difficult as possible to serve the people of Ohio in dealing with the serious problems of these times Their partisanship is both petty and selfish."

Bricker is a likely candidate for the Republican nomination of governor in 1936, when Davey would come up for the Democratic renomination.

The governor made the charge in replying to a telegram from Rep. Ed S. Rose, Democrat of Summit, reading:

"Dear governor: I request that you call a special session of the legislature immediately so that the

Marion Co. Boys and Girls Put Pet Lambs Through Paces As Feature of Fair

Twenty-two wall-eyed Marion county boys and girls met defeat when they self-conscious and a little shaky but not nearly as nervous as the pets they led on leash walked in the Judging arena of the Marion Lambs club pet lamb show at the fair yesterday to show the results of months of training of their pets.

There was $10 in prize money at stake but it appeared that the youthful contestants were more concerned at the moment with how to handle their pets which were better dressed and in the condition to exhibit a total of 250 pounds than they were prospects of winning a ribbon.

Without exception the 22 pet lambs were nervous and judging from expressions on their owners faces were up for long like they did during farmyard rehearsals. The notable exceptions were two lambs that were led through their paces by offers of something to eat. Their appetites were stronger than their sense of fear.

Agosta Boy Takes First

Fifteen-year-old Ludwig Talcott of near Agosta led his pet lamb Linda to first place in the buck lamb division of the contest by exhibiting a stippled bottle of milk. Finally flowed the milk bottle without need of a leash and also scored well as a lamb of quality. Judging was based 65 per cent on quality of the lamb and 35 per cent on performance.

Norman Seiter 9 of near Marion also used a feeding trick when on display his pet June ewing third in the ewe lamb class. Jane helped herself to a piece of candy from the boy's hip pocket when he kneeled in the center of the arena.

The lamb owners had their pets hitched to wagons or carts but none was successful in hiding up parental memory of the purpose of the lambs. All had to be led.

In addition to Ludwig Talcott who won in the buck division were Betty Hopper 9 of near Linn second Robert Heller 9 of near LaRue third Wayne Richmond 8 and Clara Mae Puchtmond 6 both of near Marion fourth with a team of lambs hitched to a wagon Betty Jean Climer of Prospect fifth.

Winners in the ewe division were Naomi Mantz 9 of near Marion first Donald Lamer 12 of Agosta second Norman Seiter 9 of near Marion third Rosalie Lyon 7 of Caledonia fourth Betty Jean Donovan 8 of Prospect fifth.

Through donations of Kiwanians each of the boys and girls who did not receive a prize was given a package containing a lucky found fox of candy, a pencil, pen tablet and crayons.

Pesky lambs caused two girl entrants some trouble cradles when the girls deftly pushed their lambs into motion and sailed them around the arena. Some of the lambs were decorated with brightly colored ribbons, one wore a small straw hat.

Dinner For Contestants

With the judging completed and the prizes given the show was far from completed so far as the boys and girls were concerned. The next move was to pose with their lambs in front of a group of Kiwanians for a photograph. Then each of the boys and girls was taken in charge by a Kiwanian for a dinner that was served in a nearby tent. Before the dinner had ended each boy and girl had been called upon by the Kiwanian seated next to him or her to tell all about the training of the lamb, about the tricks the pets would do when performing in the quiet of a country farmyard and what the winners planned to do with the money they had won. One girl had trained her lamb to follow so well that it once followed her into the house upstairs and into a room.

All arrangements for the show which may become an annual event were made by John H. Clark chairman of the Kiwanis agricultural committee.

HOLY GRAIL MAY BE IN LONDON

By International News Service

LONDON — A small wine glass nearly 900 years old has arrived in London and has set this city a-buzz.

It may be absolutely valueless—just an ordinary Roman wine glass. It may be the most precious object in Christendom—The cup used by Christ at the Last Supper.

The glass was found by missionaries in a cave near Antioch the Syrian town where the disciples established themselves after the Crucifixion.

The missionaries sent it to the Palestine and Bible Lands Exhibition in Westminster where it is

Undercurrents

Certain crimes and public policies are not fully explained in the headlines. Behind the events are people to be considered with the emotional undercurrents which give the motive.

Dr. Carl A. Weiss, Jr., Baltimore expert in mass psychology, thus explains why Dr. Carl A. Weiss, Jr., the young doctor who murdered Sen. Long, sacrificed his life.

It is significant the public assumed immediately upon hearing of the assassination that Dr. Weiss was motivated by political animosity. Circumstances made that the obvious explanation. None other seemed necessary.

Dr. Weiss was seen only as an unimportant individual who happened to have yielded first to the suggestion of murder as a means of thwarting Sen. Long's dictatorial rule of Louisiana. In other words, he was the marked victim of an undercurrent of feeling stronger than himself.

Sen. Long himself was the victim of similar circumstances. His dominant personality enabled him to rise above others but he was no less subject to an undercurrent of feeling than was the obscure man who assassinated him. Without discontent he would have been powerless.

Sen. Long shrewdly capitalized on a state of unrest in Louisiana to establish himself as its political leader. Subsequently, he rode the same current of dissatisfaction to national prominence under his banner of Share the Wealth. He was unpopular but he sustained himself with his popularity among those who believed in him, a fact which frequently is overlooked.

It was inevitable as he realized that sooner or later some member of the bitter opposition he had created would make an attack on his life. To protect himself he hired bodyguards but where animosity is as general as it was in his case complete safety is virtually impossible. He had not only one person to fear but thousands who were potential assassins. Dr. Weiss, who apparently was neither more nor less concerned with politics than any other member of the anti-Long group in Louisiana, was the first to yield to the impulse of violence.

The Lion Roars

Geneva's anxious murmuring was pierced Wednesday by a roar from the British Lion. Great Britain in the person of Sir Samuel Hoare, foreign secretary, announced it was willing to stand between the League of Nations and the fate which awaits it if Italy becomes guilty of unprovoked aggression against Ethiopia.

Skepticism suggests at the outset that Britain will not stand alone. Sir Samuel was speaking in behalf of concerted action, not individual action. The league stands and my country stands with it for collective maintenance of the covenant in its entirety and particularly for steady collective resistance to all acts of unprovoked aggression, he said.

Thus it may be said Great Britain has promised to do all it can without actually promising to do anything, unless other members of the League of Nations are willing to cooperate. Sir Samuel was tried to stir the league from the brink of disaster without committing his government to any foolish risk. He has expressed the British position but he has not bound his nation to anything more tangible than its obligations as a member of an organization which seems doomed to lose prestige in the Italo-Ethiopian dispute.

It is noticed that Great Britain again has asserted its belief in Italy's right to colonization in Ethiopia—peaceful colonization. The distinction between what Italy is prepared to do and what Great Britain is willing to tolerate is plain. His Majesty's government as a member of the League of Nations is opposed to a military adventure by Italy at Ethiopia's expense. Whether or not the British will be obliged to endure that adventure against their official inclination remains to be seen.

Proud of It

One of the minor miracles of the day is the Republican national committee's financial report. For the period from June 1 to Aug. 31 the committee established a surplus of $24,956 by collecting $30,820 and spending only $31,757. A deficit of $14,076 was wiped out.

The amounts obviously are not large. It isn't easy for Republicans to get money, though it has been getting easier. Fortunately, it hasn't been easy for them to spend money, either, thanks to cautious [illegible]

[illegible] abstinence. That is explained by the occurrence of a surplus—an almost unheard of thing.

Deficit days are the necessity. They [illegible] in 1932 when many loyal party [illegible] with funds. They have only an infinitesimal chance to win an election in 1936 which discourages many potential donors. But their colour [illegible] the heart of the party organization is relieved.

The committee is justly proud of that fact, so proud it is making a record retrenchment and prize trophy at the Democratic national committee which started the current year with a deficit of $542,742 reduced [illegible] $346,452 by May 31 and hopes to be in the red some time before Jan. 31. After all, who can blame Republicans for waiting it to be seen on the opposition hasn't even been doing very well with its own budget, not to mention the federal government's budget?

Gen. Pershing Reaches 75

The post war years are made to seem longer by the 75th birthday of Gen. John J. Pershing, today. The general will receive the honors of the occasion in Paris where he has lived a part of each year since 1923 when he accepted the chairmanship of the American battle monuments commission.

In the years since he served his country as commander in chief of the expeditionary forces Gen. Pershing has been a model of dignified detachment. He has accepted honors but has never seemed to solicit them. Apparently loathe to impose himself, restrained, [illegible] rounding out a long career with [illegible] hope he has successfully conducted the task of honoring his countrymen who fell on foreign soil. He has pleased those for whose visits he has prepared the last resting places as well as those on whose land the tombs have been established a not inconsiderable tribute.

At 75 Gen. Pershing still is the erect soldier of the World war. He has been touched by time but he is untowed. His government and his countrymen hold in trust for him a treasure of respect and gratitude which he has made more precious by allowing it to accumulate.

Slip of the Tongue

Postmaster General Farley, the practical man in President Roosevelt's cabinet, has been refreshingly frank about the necessities of practical politics before. He outdid himself, however, in a recent statement.

He defied new deal critics to name the policies they would abandon in event of Republican success in 1936. Mr. Farley knows, of course, that Republicans have practical men too. He can read their minds by reading his own.

Take relief, for example. No practical man would do away with relief appropriations with so many citizens unemployed. Would he? Mr. Farley is safe in saying No. But thereafter his perception became even keener.

"Then there is the tax bill," he pointed out. "Advisers of consistency would not quite a kick out of a Republican platform plank that asked for the lifting of those burdens on our wealthiest citizens with the alternative of levying taxes to produce the same amount on the folks with small incomes."

Mr. Farley then shot his big gun. "When you see such a platform proposal on the eve of a national election," he declared, "you may know that the millennium has come, that the party making such a declaration is more concerned with broadening the base of the tax system than with winning an election."

Is it our mistake or did Mr. Farley say in that sentence that the Democratic party on the eve of a national election is to speak was less interested in the millennium than with winning an election? No one ever expected to hear a cabinet member put the motive of the tax bill quite so bluntly. Maybe the postmaster general's tongue slipped a bit.

Doubly Responsible

Maj. J. L. Angur, the British economist who warns the United States of a dangerous inflation, says money is scientifically controlled and unless the latent inflationary forces are kept properly in check either by deliberate governmental or reserve bank intervention "we have a lot of faith in the power of government banking."

His gloomy warning against the very things so many thoughtless Americans are yearning for, however, is a reminder that in the future if anything happens to the banking system government won't be able to lay the blame on bankers. It has taken responsibility itself for banking.

In the old days politicians used to claim credit for booms and blame Wall Street for collapse. Wall street is probably glad the old days are over. Whatever happens now it can blame the politicians who are supposed to have everything in apple pie order whatever happens.

Neighborhood History

NOTABLE WAR RECORD

Enlisting with Company K, Fifty-fifth Regiment, Ohio Volunteer Infantry, William Fernbaugh, early resident of Waundot county, saw action in the battles of Bull Run, Cedar Cross, Kenesaw, Gettysburg, Mission Ridge, Buzzards Roost, Chancellorsville, the seige of Atlanta and was with Sherman on his famous March to the Sea.

He participated in the grand review at Washington and was discharged at Cleveland in July 1865. He returned home, purchased 50 acres of land and in January 1870 married Mary C. Tobias, native of Pennsylvania. In 1881 Mr. Fernbaugh sold his farm land for $80 an acre.

New York Day by Day

NEW YORK, Sept. 12.—Thoughts while getting a shave in a Lexington avenue barber shop. Conference of failures. Probably while we are [illegible] preparations of yelling [illegible] around the block. Anyway, he's better [illegible]. They say the better dressed [illegible] are brain specialists and psychiatrists.

Even the perfectly tailored author and alleged Dr. Louis Berg, And the Park avenue [illegible] of Fremont Josephson who gave [illegible] about ballets and in [illegible] Quietest place in town these days. That second floor office in Vesey street with the sign: Seligbrodt.

Oscar Hammerstein III [illegible] grease and strolling. Here back from Hollywood where he wrote a movie opera of "inner folk." Put found more Borneo in air at San Francisco's Fisherman's wharf than in Bali. There's Arthur Hoeber now displaying a sunburn acquired in Sudan.

They think New York's terrific this summer. Put in the 5-day the interior hits 115 in the shade. And in the papers the other day was a fine roll of the fall of Khartoum and the death of General Gordon. That's forgotten everywhere—except in the Sudan—the transit gloria mundi.

Admiral Byrd in Times Square. Out of the corner of [illegible] the [illegible] public of straightest elegance in white with radiant [illegible] of Pedalia smoke stack collar. Lately [illegible] rumple of face from [illegible]. If radio is such good advertising why can't Joe Penner sell his luck?

Outdoor dining that has so seized the town. New York is old hat to patrons of several Gotham cafes. [illegible] Seventh Avenue Cafe Royal has private [illegible] on its [illegible] and that result is a la Parisienne. [illegible] of [illegible] Jewish [illegible] and [illegible] of [illegible] with [illegible] folded [illegible] Dole [illegible] Auer mathematics and the philosophy of Lotin.

Then there is the quiet roof college on Washington [illegible] in the Armenian quarter. Of Rembrandtesque [illegible] with a stove at one end and [illegible] exotic provender. Coffee thick enough to hold a spoon upright and [illegible] by the cups with orange and cinnamon. Several were haunts of the [illegible] Kahlil Gibran who wrote and illustrated [illegible] Madonna on the dining tables. Lots [illegible] Spinach [illegible] and the many-layered [illegible] and flaky nut pastry. Baklava is sold out with wooden pins two yards long. Armenians are the greatest no-of-traders in the world. And the slow-eyed, gentle children in the quarter are the handsomest in Manhattan.

Most of the more than one hundred chess clubs in Manhattan flourish on the lower East Side. Some official, some social but all modern. And dense with tobacco smoke and hairy Mahatmas of the game. They play [illegible] wordless as aloof as spirits on distant mountain peaks and in the cold realm of pure brain. Or maybe in an intellectual Nirvana. Silent fugues on the board, brilliant attacks worthy of Bach done in one slow move of the hand or a Waterloo achieved in an hour. Your real end [illegible] braves this world entirely. Napoleon played at chess all his life but never got to master it. Emerson was a good player. So is Otis Skinner.

New fad: Going in for unusual drinks. The Ed Wynns's Gang Buckley has a decanter of old English perry, stronger than schnapps. Welsh mead and made of black bones. Greek Mavrodaphne I'm again coming into its own. Also Scotch heather wine and Dayon cracked made of plums. Bill's Seaman has a weird collection including a Chinese brandy made of legs of mutton. It comes in stone jars and smells like Japanese ash. Take by the way is served warm. There's Mexican tequilla too with a lick of lemon and salt. Yeah, the unlaced liquor is not the same as attack the East Indian drink made of pineapple trimmings. Fanny Hurst brought back from Honolulu to Carl Van Vechten a bullpot of Polynesian liquid. I'm! Put into a milk shake over there it's filling. Really called. O holy cow! The most difficult wine to get is Imperial Tokay from Hungary. Hardly more than three gallons are available. This is not pressed from the grape but exudes. It has more vitamines than punch.

• • •

From my apartment window I often see against the skyline a man waving a pole in attitude of conjuration. And amid a flock of pigeons. They fly away displeased then return—usually with new recruits in their ranks. That way he augments his flock. He started off quite modestly three years ago with just one pair. He may be an impassionado for pigeon pie. Or just a lonely Metropolitan bird lover.

Glancing Backward

TEN YEARS

It was Sunday, Sept. 12, 1925.

Dr. U. S. Davis, pastor of Trinity Baptist church in his Sunday night sermon said that good clean churches and an interested and well minded citizenry are the prime requisites of a well ordered progressive city.

The annual Thomas family reunion was held at the home of Mr. and Mrs. T. E. Thomas on Williamson avenue. Hatley Thomas was reelected president.

Dr. Jesse Swank began his eleventh year as pastor of Epworth M. E. church. As a tribute to Dr. Swank virtually every member of the congregation attended one of the three services held during the day.

TWENTY YEARS AGO

It was Monday, Sept. 11, 1915.

Secretary of State Lansing held a conference with Count von Bernstorff, German ambassador to the United States and informed him that this country was willing to submit the question of Germany's liability for the death of two Americans in the sinking of the White Star Liner Arabic by a German submarine.

Zeppelin airships made another raid on England, the second within 24 hours but no casualties resulted from the second attack. A London dispatch reported that the zeppelin raid had served to spur recruiting of the Dutch army adding more than 50,000 soldiers to the British forces.

Andrew L. Harris, former governor of Ohio, died at his home in Findlay. Mr. Harris, the last Civil war veteran governor of the state, was 80 years old.

A son was born to Mr. and Mrs. C. B. Brothers of Scott street. A daughter to Mr. and Mrs. C. J. Hanover of Owens street.

Miss Grace Schenck of Mt. Gilead and Ralph Clark of Marion were united in marriage at Trinity M. E. church in Mt. Gilead by Rev. S. E. Sears.

The Marion County Chautauqua association organized for the coming year, electing S. E. Fellow president.

Behind The News In
Washington And Wall Street

BY RAY TUCKER

WASHINGTON, Sept. 13—New Dealers are scratching their heads these days to dig up an explanation for the fact that unemployment persists despite increasing signs of business recovery. So far they accept no political or economic formula.

Despite an unusually active summer in many lines the experts' charts show that there are from 9,000,000 to 11,000,000 people out of work. The few declines registered during the uplift have been due to seasonal demand. What disturbs Washington is that with production hovering at [illegible] 80 per cent for months it seems to make no dent in the relief rolls. Employment in railroad and construction fields still lags terrifically but that does not explain the scarcity of work.

How to handle this issue is worrying the board of strategy. Some urge frank recognition of the fact that technological improvements make unemployment and huge relief funds a permanent fixture. But they are in the minority. The idea seems to be to maintain that when recovery clicks in a big way it will furnish work for all.

Mandate

While administrationites don't make the charge that private employers are boycotting the new deal, unemployment campaign they suggest it now and then.

One fantastic explanation of PWA expenditures is that the heavy industries were not sympathetic. They are represented as reorganizing their plans to handle the rush of private orders which a definite upturn may bring and as unwilling to take on government work which would tend to delay their own operations. The implication seems to be that industry is as resolutely individualistic as it ever was.

The administration spokesman described this attitude in a friendly enough tone. He seemed to be glad that industry anticipated such a flow of orders that it could not bother with PWA requirements. But it suggests that if private enterprise does not solve the unemployment problem the government will take it as a mandate to resume its work relief outlays.

Warned

Although the National Labor Relations board has not held its first meeting, it has already bumped into trouble. The first pronouncement by Chairman John Madden aroused labor's fears that he would not champion the cause of collective bargaining as much as they expect him to.

Mr. Madden has pointed out that his agency could not very well try cases where disputes affected or burdened interstate commerce. So was stripping or refining his jurisdiction as set forth in the law framed after the supreme court limited the government's field of operations. It is plain ALL men's opinions that he was crumpling the axe in their new campaign to organize industry.

Leadership

Even President William Green was surprised. He has wanted just as much within legal limits as long as the aid of the new agency in what it supposes based on an understanding of the board's jurisdiction are authority. And Chairman Madden recommended a study of the entire pamphlet to all labor.

Immune

Every new dealer recognizes that the supreme court now stands as the most serious threat to the administration's expanded program. They shudder at the thought that the high tribunal will be back at the same old stand early in October.

While department of justice lawyers muffle their criticism of the judiciary they do point out that seven judges who have cracked down are Republicans. There is not a Democrat in the list. Four were named by Hoover, one by Coolidge, one by Harding and one by Taft. Of the nine subsidiary new deal [illegible] has gone to the trouble of tracing the legal pedigree of the American Liberty Leaguers, new deal pure and simple that every one has big business connections.

Notes

Attorney General Cummings has risen in his office. He feels them to his fingertips. A high treasury official returning from New York by train sent a Manhattan cocktail back to the bar when he found that it cost 30 cents. He thought the price too high. The G. O. P. congressional committee has sent its able scout, Fred Vellie, out on the road to find whether the new deal is slipping. Conservative Jeff Davis under secretary of the treasury may supplant Marriner S. Eccles. Utah liberal as governor of the federal reserve board. Henry Morgenthau picked Portugal as a vacation spot because there is no war or world banker in that part of Europe.

NEW YORK, Sept. 13—The outlook for inflation is a big factor in the continued spurt of business activity and the sustained strength of the stock market. Informed New York sources agree that a huge expansion of credit is inevitable in the first three months of 1936. It is taken for granted that the bonus, which will account for $2,500,000,000 to start with. Then there is the virtual certainty of added appropriations for relief and farm benefits. Estimates vary as to the total extra burden the treasury will be called upon to shoulder—but five billion dollars is generally considered the probable minimum.

Business leaders have made up their minds to go ahead as rapidly as possible in anticipation of this development. Its rated smart to take advantage of current prices before they begin to go up in earnest.

New York insider understand that the administration—while not furthering inflation as a matter of policy—is reconciled to the prospect and is laying plans to be ready for it when it comes.

Fall

An important angle in the preparations is how to raise the necessary funds. Probably it could be done by floating new treasury securities in the amount required. But this is something of a strain and would give anti-new dealers a beautiful opening to press their charge that Roosevelt is wrecking the national credit. Financial circles believe Mr. Roosevelt is not keen about not wishing to increase the federal deficit by any more than he can help. Taxes won't do for an answer either. It would be bad economics and worse politics.

New Yorker with excellent Washington connections learn that the treasury is considering a move which would be at least a partial solution and would indicate a desire to keep the national debt within bounds. It would consist of issuing the two billion dollars seigniorage [illegible] now [illegible] the [illegible] silver purchase [illegible] not [illegible] the [illegible] the [illegible] judiciary [illegible] the [illegible] Treasury holds [illegible] program at the [illegible] and lower courts continue [illegible] down adverse decisions they may lose their judicial immunity.

Victims

Department store executives are making a [illegible] recent epidemic of kidnapings which has aid them in full swing. They have come to some conclusions.

They note that [illegible] major crimes [illegible] of organized [illegible] almost every instance where the kidnaping assumed national proportions—Lindbergh, Factor, Stoll, Weyerhaeuser, Bremer and Hamm. Even Lindbergh's case credited [illegible] a relative to the Saturday [illegible].

The criminologists do not believe that this is more relief race. They point out that family ties mean a great deal among people of Germanic origin and the kidnaper may bank on that factor. Moreover, German thrift is well known. So is the fact that they like to keep their savings in liquid form. Among the victims listed above were brokers, lumber men and brewers—Germans with presumably liquid or near liquid assets.

LINCOLN IN PORT WASHINGTON

When Lincoln's train through Ohio on the way to his inauguration it stopped at little town of Port Washington for fuel and water. The townspeople gathered around for a chance to glimpse the future president.

Lincoln did not disappoint them. He appeared on the platform at the train end in a manner which said he recognized he had a duty to perform in which to make a speech.

He wished the people good health and hoped they lived long, ripe old age. By the time a few remarks were made he had been refueled and pulled away with Lincoln standing on the platform waving to the crowd until he passed from view.

BENJAMIN FISH, 80, DIES AT GREEN CAMP

Was Lifelong Resident of Morrow County; Rites Saturday.

Special to The Star

GREEN CAMP, O., Sept. 13 — Benjamin Fish, 80, lifelong resident of Marion county, died yesterday at the home of his daughter, Mrs. Grover Bogart of Green Camp with whom he had lived for the last six years. Injuries and shock suffered in a fall two weeks ago were the cause of death.

Mr. Fish was born in Green Camp township on Oct. 12, 1854. His wife, Mrs. Lydia Wisecarber Fish, died in 1928. Surviving are four children, LeRoy of Marion, Mrs. Della Hamilton of Springfield, Mrs. Merta Palmer of Barberton and Mrs. Bogart, nine grandchildren, one great-grandchild and two brothers, Bent of Marion and John of Lima.

The funeral will be conducted Saturday at 2 p. m. at the Baptist church. Burial will be made in the Green Camp cemetery. The body will be at the W. C. Boyd funeral home in Marion until it is taken to the church at 10 a. m. Saturday.

DELICATE DOROTHY

SHE WAS 8 POUNDS UNDERWEIGHT UNTIL . . .

BASED ON EXPERIENCE REPORTED BY MRS. B. B. TAYLOR, COVINGTON, KY.

OH, DEAR! YOU HAVEN'T GAINED A SINGLE OUNCE! I SIMPLY CAN'T UNDERSTAND IT.
HELLO, HAN! WHAT'S THE MATTER? YOU LOOK AS BLUE AS INDIGO!
I'M SO WORRIED ABOUT DOROTHY. SHE'S 8 POUNDS UNDERWEIGHT, AND SO NERVOUS! I WISH SHE COULD FILL OUT LIKE YOUR MARTHA HAS!
WELL, WHY DON'T YOU HAVE HER DO WHAT MARTHA DID ... START TAKING OVALTINE!
OVALTINE? WHAT'S THAT, JANE?
WHY, HAVEN'T YOU HEARD? IT'S THAT SWISS FOOD-DRINK THAT HELPS SO MANY CHILDREN TO BUILD UP AND PUT ON WEIGHT....
... AND WHAT'S MORE, THEY SAY IT'S WONDERFUL FOR NERVOUS CHILDREN, TOO! YOU REALLY OUGHT TO TRY IT!
WELL, I'LL CERTAINLY HAVE DOROTHY RUN UP TO THE STORE AND GET A CAN THIS AFTERNOON.
MAMA SENT ME FOR A CAN OF OVALTINE.
OVALTINE
GEE, MAMA, THIS IS WONDERFUL TASTING! EVEN BETTER'N A CHOCOLATE SODA!
WELL ... IF IT HELPS YOU BUILD UP, THAT'S ALL I ASK!
3 MONTHS LATER
LOOK HERE, DAD ... ANOTHER POUND! THAT'S 10 POUNDS GAINED IN 3 MONTHS! ... ALMOST A POUND A WEEK.
I TELL YOU, HAN, SHE LOOKS LIKE A DIFFERENT CHILD LATELY.
AND HER NERVES ARE SO MUCH CALMER! YOU DON'T KNOW HOW HAPPY I AM!
AND THE BLUE RIBBON FOR THE HEALTHIEST GIRL GOES TO LITTLE MISS DOROTHY TAYLOR.
HEAR THAT, HAN ... AREN'T YOU HAPPY?
YES, AND GRATEFUL, TOO, TO JANE AND OVALTINE.

And Now—Read the Letter that Dorothy's Mother Wrote:—

"My daughter, Dorothy, was very nervous and approximately 8 pounds underweight. A friend told me about Ovaltine and the results it gave with her little girl, so I got a can of it . . . Dorothy began gaining weight (approximately 10 pounds in 12 weeks) until one would hardly know her.

"Today everyone comments on how much healthier she looks and how much quieter her nerves are. Recently she won a blue ribbon for being exceptionally healthy—thanks to Ovaltine."

This excerpt from a letter written by Mrs. B. B. Taylor, Covington, Ky., covers, of course, only one individual case. And we want to be sure you understand we do not claim or guarantee that similar results will occur in every case when Ovaltine is used. But this letter is so typical of thousands we have received that we feel a thorough trial of Ovaltine is justified by every intelligent mother in similar cases of nervousness or [illegible]

Here is another letter from another delighted mother, Mrs. Wm. Conklin, 208 W. 9th Street, Chester, Pa.:—

"My son William was very nervous and run down and I had to take him out of school for a month. We started giving him Ovaltine and he went from 65 pounds to 75 pounds. Before taking it, he had no color at all, but now his cheeks are as rosy as can be."

RAINS DAMAGE CROPS IN OHIO

Estimates on Yields Cut as Storms and Heavy Rains Are Reported

Marion county and other agricultural counties of the state today saw the estimate of September crop yields in 1933 dropped as the federal-state crop reporting service released the first estimate of the heavy rains of last month. The Associated Press story told in a news dispatch from Columbus:

Although Marion county did not suffer nearly as much as counties in the Muskingum valley region which was the center of acres of crops destroyed by the heaviest rainfall ever [illegible] this county, is believed to have suffered considerable damage, County Farm Agent U. S. [illegible] said rains delayed harvesting of the grain and in some instances the quality of the grain was affected.

For the state as a whole the first official crop reports stated that the indicated combined yield of the principal crops expressed as a percentage of the 10-year 1921-30 average was reduced from the [illegible] on Aug. 1 to 115 per cent on Sept. 1.

Corn was among the crops mentioned most. The prospective yield from 147,000,000 bushels on Aug. 1 to 144,120,000 on Sept. 1.

However this year's indicated crop of corn will be substantially above the short crops of 1930 and 1931 when yields totaled 832,000,000 and 926,000,000 bushels respectively.

Heavy rains in late August the crop was in about normal condition a drop in the prospective yield from 88,800,000 bushels on Aug. 1 to 83,160,000 on Sept. 1.

The rains also caused the burley tobacco crop to mold badly and the sun will have become prevalent [illegible] County Farm Agent U. S. [illegible] In many fields the service reported.

The estimated yield of all tobacco was rated at 450,000,000 pounds as compared with 447,000,000 pounds in 1932 and a five year average production of 405,000,000 pounds.

MERCHANT TO FACE COURT AT KENTON

Hardin County Officials Succeed in Getting Custody of Produce Dealer

Special to The Star

KENTON Sept 12 — A Toledo produce dealer was arrested here today on a charge of issuing worthless checks in payment for poultry and produce and will be arraigned Monday morning in police court. Bond was fixed at $1,000 and in default he will be held in the county jail.

The dealer is alleged to have issued checks totaling $1,000 to Kenton farmers in payment for poultry and produce. Many of the checks were returned by the bank marked "no account" or "insufficient funds."

Sheriff Will Hardin and Prosecutor Arthur Judd have been granted extradition papers.

The case is complicated by the fact that the dealer is said to have issued checks to Kenton farmers after he had stopped payment on the checks and shortly thereafter went into bankruptcy proceedings.

HUEY LONG: *Success Story Of A Louisiana Plowboy* —No. 1

At the tag-end of a sweltering Louisiana summer on Aug 30 1893 Huey Pierce Long was born on a 300-acre cotton farm in Winn parish Most of his first years were spent behind the plow or hoeing cotton Rising before the sun we toiled until after dark after which we did nothing except eat supper listen to the whippoorwills and go to bed was the way Long in his autobiography described the routine of his childhood

Young Huey's schooling was slight He attended high school in Shreveport for a while but did not finish He was however a persistent reader and apparently a great talker His interest in debate was keen and later in a forensic contest he won a scholarship to Louisiana State university Failing funds for daily living he had to pass it up At 16 the red-haired tobacco-chewing youth shook the dust of the farm from his feet to enter the world

In the next few years the young Huey wandered from job to job apparently unable to become enthralled with any He held He was typesetter for a while on the Winnfield (La) Sentinel and on the Hodson (La) Times He was a book salesman and then spent months selling a substitute for lard While in the last position he conducted a baking contest in Shreveport The prize went to Mrs McConnell who later was to lose me Mrs Long

The baking contest's romance was given further impetus two years later when Miss McConnell came to the rescue of her young friend In 1915 Huey was arrested in connection with a shooting in Shreveport Rose took the stand and established his alibi testifying that he had taken her to the theatre on the night in question She produced theater stubs to prove it The next year they were married In the union were born a daughter and two sons

Huey set out immediately to complete his education He attended the University of Oklahoma for three months and then spent seven months at Tulane university cramming for the state bar examinations He had passed in 1915 and returned to the little town of Winnfield to the site of his birthplace to hang out his shingle His reputation as a lawyer started spreading almost immediately and in a few years it had jumped the bounds of his parish

Harding Ready for Opening of 1935 Football Schedul

Tiffin Calvert To Bring Veteran Team To Marion

Presidents Given Even Chance of Victory in First Game on New Football Field.

Marion will have the first of a series of high school Saturday afternoon games when the Harding Hilltop eleven entertains Tiffin Calvert on the new athletic field at 2:30 o'clock.

A capable team of veteran tackle and halfback candidates from the 1934 Presidents squad is out to defeat here tomorrow one of the beautiful turf of the new Harding stadium. A new coach, Carl Cramer, former Ohio State star, will be at the helm of Harding's drill destinies and a new offtackle shift will be under the play of the visiting schoolboy combination.

3 Backs Missing

The President eleven is training for its opening game by taking over the high school field to play at the high school building this afternoon. The Harding squad got the feel of the new gridiron yesterday when it was put to the South Side field for drill in running plays, pass and punting, defense and offense and a chance to work its laterals on the scene of tomorrow's battle.

Coach A. A. Kramer of the Tiffin parochial school will bring a husky squad to Marion for the game, including 15 lettermen and a number of experienced players. The team which has captured the League of Six Nations football title for three seasons will include a host of veterans and many of the players who saw action here last year.

The Tiffin team will be without the services of three backs that swept around Harding's ends last year and pounded Hilltop tackles when Danks Spencer and Marinus, three of last year's wreck in as well as four linemen are missing. It has plenty of veteran material to replace the boys, Pint graduated however.

Kramer has a complete backfield built around the flashy Joe Colantonio, fullback sensation of last season. Kleinhenz, P. Gillig who played on the line last year and Shultz, all seniors, complete the backfield.

As the Tiffin coach has lost his fleet backs he is reporting many to pass for their speed this season. Reports from their tentative field reveal a passer has an abundance of veteran line material for those backs to throw to, which will keep the team, if the latter reported.

Tiffin has not played a league game this season, while Harding has played one, losing the first game to the new athletic field. Harding's offense has not been well developed, the Hilltop eleven having scored in only one game, a 13 to 0 victory over Defiance, in which the regulars played but a few minutes. Coaching fundamentals and plays.

Three Veterans In Backfield

Only one change from the team is needed to start the game, Tiffin Calvert Walker will replace Hubert Corbett, left through grad, while veterans Leftock, Frazer and Dye will be at the other backfield positions.

The line which Coach Cramer believes will be the strength of the team includes a veteran center but the end positions are wide open. Coach Cramer will likely get a variety of the linemen he will use in action on last year's varsity and juniors squads.

The starting lineup will not carry the entire burden of Harding's play, however, as Coach Cramer expects to use as many players as possible. He is anxious to get all of the men left after 3 years out from the squad out this week and will give a chance to as many of the three teams he is now drilling as possible.

ASHLEY HIGH DOWNS LARUE GRIDDERS, 7-0

Marion County Team Loses Quarterback in Opening Football Game

LARUE, O., Sept. 13—Ashley High school won its opening football game from LaRue here yesterday afternoon 7 to 0.

Although both teams showed the lack of polish their play at times displayed mid season form. Fumbling was scarce and plays were run well though the LaRue school has been open for only three days.

Ashley High scored near the end of the first half when it took the ball on LaRue's 15 yard line and made the only touchdown on an end play. A line plunge added the point. LaRue suffered a severe loss when Greenwood injured his ankle near the end of the first half.

"MIXED CARD" LISTED FOR MONDAY NIGHT WRESTLING PROGRAM

Woods, Louis To Meet in 10-Round Fight After Scraps Last Week

Something new in ring programs will be offered fans of Marion Monday night at the Steam Shovel gymnasium when a mixed card of wrestling and boxing is sponsored.

The fighting end of Monday night's regular wrestling program grew out of the bitter struggle between Joe Woods and Jack Louis here last week. Scheduled as a wrestling match the two fighters forgot their holds and went punching.

Local promoters have signed the two heavyweights for a 10-round fight to a referee's decision. A 60 minute wrestling match between Al Britt and Tuffy Cleet will precede the fight and a 20 minute mat preliminary will open the program at 8:30.

Woods who has met many of the top notch fighters would not agree to opposing Louis until he was certain six ounce gloves would be used. Woods has defeated Charley Reiz, Jeff Don McCorkendale and a large field of other fighters. Louis has turned back Jake Killian, George Manly and several other good fighters.

It is expected that the mixed card will attract a capacity crowd to the Monday night program. Ticket sale opened today and an early demand for reserved seats is foreseen. The 10-round scrap ranks as one of the best to be staged in a Marion ring.

SMALL MEN GET CHANCE ON TEAMS

By International News Service

BOSTON — The little colleges will give their day on the gridiron if Frank Ben Dempsey has his way.

The former Georgia Tech athlete would have lightweight teams similar to those in Ohio and California for high school boys. Dempsey is pattering his plans on the Ohio system of forming teams from boys under 19, weighing 115 to 145 pounds. California high schools have as many as four teams, players of which are classified by a point system which takes age, weight and height into consideration.

Big Ten Coaches Lose No Time in Turning on Heat

Mentors Appear Well-Pleased With Opening Drills

By The Associated Press

CHICAGO, Sept. 13—The Big Ten football practice season was only three days old today but the coaches had wasted no time in turning on the heat.

Orb Orvis Solem of Iowa let his men off with anything like an easy drill and at Illinois Bob Zuppke had his candidates trying for touchdowns.

At Illinois the regulars after looking none too good against the second stringers managed to shove over one touchdown. Howie Carson the prospective regular at fullback put the ball in position for the final punch. Wib Henry, who is expected to replace Jack Beynon at quarterback carried the ball over on a sneak.

Ohio State's comparatively small but choice squad was given two heavy sessions while Coach Francis Schmidt looked about for quarterback insurance. He planned on Stan Pincura and Tillie William Tippy Dye to divide most of the signal calling but was on the look out for another quarterback just in case.

Northwestern's squad was divided into six full teams which went through dummy scrimmages against forward passes and later raced through signals. Coach Lynn Waldorf gave special attention to the linemen seeking speed. At Chicago Clark Shaughnessy also split his squad but had only enough man power for two teams. He gave his men a dummy scrimmage on offense with Jay Berwanger, one of the Big Ten's star backs calling signals from the left halfback position.

Bernie Bierman and Minnesota received good news in an announcement that Clarence Tuffy Thomp son a triple threat sophomore halfback and a possible successor to All American Pug Lund had become eligible.

Dr. C. W. Spears started experimenting at Wisconsin shifting Allen Mahnke last year's regular center to end in an attempt to strengthen that department. Purdue concentrated on a stiff dummy line drill in which regulars received most of the attention. At Indiana Robert Henderline a big sophomore here did some spectacular forward pass catching. Harry Kipke was so pleased with the condition of the Michigan squad after a brisk scrimmage that he ordered the squad divided for two regulation games Saturday.

* * *

As the rule he is passing out fancy formations Francis Schmidt's scarlet clad Ohio State gridiron squad promises to live up to its advance reputation as the Big Ten's most spectacular outfit.

After a couple of heavy days on fundamentals Schmidt turned his forces loose on the third day with a dazzling assortment of passes. As many as four players handled the ball on some of the maneuvers which worked surprisingly well for so early in the training season.

Before getting around to their slight of hand lessons the Buckeyes were given a long session on power plays.

Passing also featured the Minnesota and Indiana workouts. George Roscoe 195 pound back completed several 40 yard shots to backs and ends at Minneapolis and with Whitman Rork gave a fine punting demonstration.

At Indiana Bo McMillin and his men firing forward passes all over the place. Routine drills were the rule in the other camps.

Touch luck caught up with Michigan when Stark Ritchie sophomore who had been counted on as a regular halfback suffered a chipped bone in his right ankle. In an effort to strengthen the line Coach Harry Kipke moved Harry Lutomski, a fullback, to guard.

MINNEAPOLIS GAINS 1935 A. A. PENNANT IN 12-INNING BATTLE

Millers Down Brewers 9 to 4 Columbus Gains Half Game on Blues

By The Associated Press

CHICAGO, Sept. 13—Jerry Donie Bush who may be managing a major league club next season and his powerhouse boys have taken the American Association championship back to Minneapolis.

The Millers who all but clinched the title Wednesday night finished the job yesterday although they had to put a lot of time on it. A five run blast in the 12th inning featured by Johnny Gill's 43rd home run of the season and Joe Hausser's 32nd conquered Milwaukee 9 to 4. Indianapolis lost chance of beating Minneapolis out disappeared when the Indians lost to Toledo 8 to 7.

The tussle for the $1,000 third place tenure continued unabated with Columbus taking a half game advantage over Kansas City. The Red Birds trounced Louisville 11 to 5 while the Blues divided a pair with St. Paul winning the first game 14 to 5 and dropping the second 11 to 9.

Short on finesse but long on punch the Millers battled to Jurles all season in winning. Joe Hauser home run king in 1933 and 1934 was out of action much of the season because of a knee injury. Foster Babe Ganzel regular third baseman saw little action because of a leg injury. Clarence Dutch Holland veteran outfielder was hit on the head by a pitched ball but came back later and finished the season in Ganzel's infield position. Pinky Hargrave slugging catcher was lost through injuries.

Frank Shanty Hogan released by the Boston Braves was called in to take Hargrave's place and Spencer Harris another veteran outfielder played first base during Hauser's absence.

MARION MILEY WINS SIXTH GOLF CROWN

By The Associated Press

CHICAGO, Sept. 13 — Marion Miley winner of six golf championships this season headed for her home in Lexington, Ky. today for a rest until next winter.

Although handicapped by an injury to her left hand Miss Miley staged a rousing finish yesterday at the Northmoor Country club to overhaul Patty Berg sensational Minneapolis youngster and win the women's Western 72 hole medal play derby. She finished with a 40-41—81 round and a total score of 327.

Miss Berg who started the final round leading by one stroke slipped off to 45-40—85 and finished second with 330. She set a new course record of 77 for women in Tuesday's round.

CARDS WIN FIRST OF CRUCIAL SERIES FOR NATIONAL LOOP TITLE

Dizzy Battles Giants To Take 5-2 Decision, Tigers Top Yanks

By HUGH S. FULLERTON JR.
Associated Press Staff Writer

The swaggering Cardinals and their blinding speed and fabulous pitching of Dizzy Dean are made their 1935 arm concern that they're on the road to the National League pennant and they don't intend to be eliminated—especially by the Giants.

They said the clearest sort of a when they trounced the Giants 5 to 2 in the opening clash of the highly important series and while they have three chances to get their minds before the end of the they will.

Cards Found Hubbell

With the elder of the famous Deans putting on one of his season's special pitching performance for his 26th victory of the season the Cards looked just as good against their challengers yesterday as they did against the fowl Braves and Phillies. Dizzy took care of the job of checking the New York hitters while his mates pounded Carl Hubbell for an early lead and romped on through.

The result put the Giants six games behind—down where there was no chance of forging ahead of St. Louis during the current series but it didn't shake off the Cardinal threat to the Cardinal supremacy. The Cubs routed the Dodgers 13 to 7 with a heavy hitting attack behind Lon Warneke and remained only one game behind St. Louis.

The remarkable Dizzy was in great form in the opener. He gave seven hits—four in the last two innings—struck out eight and bore down so expertly in the clutches he made it look easy. The Cards belted Hubbell for seven of their nine blows including Terry Moore's homer in the first for two runs, added a couple of others while Rookie Harry Gumbert pitched then added another hit off Allen Stout.

Detroit's Tigers took another step toward clinching the other world series berth by coming from behind to trim the second place Yankees 3 to 2 in the opener of a somewhat less important series.

The victory gave Detroit an 8½ game lead over the Yanks who were left as the only team with a possible chance to beat out the Tigers when Cleveland took a three hit 3 to 0 whitewashing from the Senators and Earl Whitehill.

Reds Win, Indians Lose

The cellar dwelling Athletics provided another of the days high spots when Jimmie Foxx smacked two homers for a total of 33 that left him only one behind the leader Hank Greenberg of Detroit and led the way to a double triumph over the White Sox. The scores were 11 to 2 and 4 to 3 and the twin victory ended a 13 game losing streak.

The losing streak of the Boston Braves went to 13 straight when they were downed 4 to 2 before the seven hit slinging of Gene Schott of Cincinnati.

Pittsburgh's Pirates tossed in a couple of reserves against Philadelphia and won 11 to 0 with Big Jim Weaver's hurling. The surprising Browns led by two former Boston players Julius Solters and Lyn Lary defeated the Red Sox 6 to 2.

AKRON IN TOUGH SPOT IN TOURNEY

By The Associated Press

CLEVELAND, O., Sept. 13—Petrolia, Pa., with five straight victories in the National Baseball Federation tournament hoped to make it six today in the game with Akron and stay the finals tomorrow with an unblemished record.

Petrolia eliminated Warren, O., by a 4 to 1 score yesterday while Springdale another Pennsylvania team was defeating Johnstown, Pa. 10 to 6. Akron drew a bye yesterday. A defeat today would eliminate the Akron team. Springdale had the bye today the starting field of 21 teams being now reduced to three.

Betty B, bay mare [illegible] Empire Direct owned [illegible] Greiling Bros. of Eaton, O., fleet as horse in yesterday's races, spoked her speed to other entries in the 2:15 classified pace after a close finish in the first [illegible].

Close Finish

This pretty speedster ran the three heats in 2:06, 2:07 and 2:09¼ for the best time record of the afternoon. Peter Arion, owned by M. C. Chade of Grove City, stepped ahead of Betty B. near the end of the first heat but the judges ruled the speeding mare from the Keltas stable was back in the lead at the wire.

Closely behind Betty B. in honors for the day was a little mare Clarinda owned by Newhart and Fritz of Marietta and driven by Pat Newhart. Tony Cibocchi's pacing young colt owned by Dr. J. B. McNamara showed well in finishing second in the first heat and third in the last two.

Tony handled by a new driver would grab the lead at the start only to lose out on the back stretch. The young horse was nervous yesterday causing some trouble in the get away. Guy The Tramp owned by James Worline of Ashley ran well in taking one third place and two seconds.

In the fourth race of the afternoon Single Patchen roan son of Single Go stood out against the challenges of Wallace Belle and Jimmy Walker to win the 2:26 trot event. The stretch heat winner owned by Major L. Parson of Mt. Vernon took the lead on the back stretch and finished well in front of the field.

Hollyrad Audrey, Dr. McNamara's entry found the traveling just a little bit too fast and finished fourth, third and fifth. Jimmie Walker, Kenton owned horse driven by Jimmy DeVore was a strong contender except in the second heat when he broke coming into the home stretch and finished sixth.

Horses Have Troubles

One of the sweetest races of the afternoon was the first heat of the 2:19 trot with five horses battling for first place. Flo Signal held up under the fast pace to come home ahead. She raced the last quarter in :31 and passed General Warden after breaking on the back stretch.

Starter Riley Crouch of Newark had trouble in several heats getting the horses away. In the first heat of the 2:19 trot he finally let the horses take care of themselves. He warned drivers a number of times in the fourth race the 2:26 trot.

A large crowd witnessed the opening day of harness racing. The grandstand was filled before the first heat had finished and more than 5,000 people jammed the stands and lined the rails for the four races.

ALLISON CAPTURES U. S. TENNIS CROWN

Texan Loses Only Seven Games in Brilliant Come back for Title

By The Associated Press

FOREST HILLS N Y Sept 13 —For years there've been calling Wilmer Allison the Tumbling Texan But he stayed on his feet throughout the 54th men's national singles tennis championship and today with his feet still hugging the ground he stands as king of America's court s

Allison gained the championship yesterday when he submitted Sidney B Wood Jr of New York to a decisive straight set defeat with the loss of only seven games After the way Allison dethroned Fred Perry of England on Thursday few anticipated he would have any trouble getting by his Davis Cup teammate He didn't

Allison's victory in straight sets 6 2 6 3 6 3 will go down on the records not only as one of the most popular coming as it did after more than 10 years of intensive campaigning but it ever will be a memorable one as he triumphed in the first joint holding of the men's and women's championships

Middies To Use Deceptive Play Again This Season

By The Associated Press

ANNAPOLIS Md Sept 13—The deceptive open style of play that brought the Naval academy astonishing success last season will be used by the Sailors again this fall with a few added touches if plans of the coaches work out

Some adjustments probably will be necessary because of the loss by graduation of the sensational Buzz Borries and Bill Clark backs around whom the Navy 1934 attack hinged

Our strategy will depend upon the material available said Lieut Thomas J Hamilton head coach as his staff arts launched upon the training grind We were successful last year with open play and we may bring in something new this season

We still believe in the forward pass and also were successful with laterals last year If the personnel is available you can look for more of it this season

Hamilton and his aides have but four veterans around whom to build the Middy eleven There are however seven recruits from last season's unbeaten freshman outfit who promise well

The line will probably weigh about the same as last year the coach predicted The ends will be heavier and the backfield lighter

From guard to guard we are well fortified The tackle and end positions are still open and we are waiting to see what will develop Hamilton is counting on tradi tional scrappy spirit of the Sailors to compensate for the loss of 7 men from last years Navy squad including 13 lettermen He labelled the 1935 schedule as tough as any in the country

But we are not without hope he said "There isn't has been a Navy team that didn't go out and scrap to the finish Thus we have been able to win many games despite man greats of talent and lacking in experience

Navy's aviator grid mentor will have pretty much the same group of assistants he had in 1934 his highly successful first year here The only new man is Lieut J Wesley Bang end coach Lieut John H Crisp and Lieut (Jig) Miller line coaches and John Wilson backfield aide working with Hamilton again

The schedule Sept 28—William and Mary at Annapolis Oct 5 Mercer at Annapolis Oct 12—Virginia at Annapolis Oct 19—Yale at New Haven Oct 26 Notre Dame at Baltimore Nov 2—Princeton at Princeton Nov 9 Pennsylvania at Philadelphia Nov 16 Columbia at Annapolis Nov 30 Army at Philadelphia

MARION SOFTBALL TEAM SCORES WIN

The Himlarge Inn softball team defeated the Ashland Candy Shoppe team at Ashland Wednesday night 6 to 1 The Marionites jumped on Stubby Winebrenner for seven hits including a double by Chuck Reid and a triple by Millisor and a homer by Bill Everly

Millisor on the mound for the Marion team held the Ashland batsmen to five singles Millisor of Marion and Faulk of Ashland were credited with two hits apiece

When the Portland Ducks started winning in the Pacific Coast league recently after he started batting to the infielders Bill Cissell manager and second baseman decided to take no infield practice himself for luck

M'ADOO WILL MARRY SAN DIEGO GIRL, 26

Senator and Nurse To Wed at Her Home Tomorrow Afternoon.

By The Associated Press

SAN DIEGO, Calif., Sept. 13—Ben William Gibbs McAdoo, 71, and Miss Doris Cross, 26, reported daughter of Mrs. Nellie Cross of this city, will be married tomorrow afternoon at 4 p. m. at the bride's home. The ceremony, at the home of the senator's daughter in Washington, Mrs. Cross said today.

Miss Cross was graduated from San Diego High school in 1927. Later she took a nurses training course at Santa Barbara and after that time has been employed in social service work.

Sen. McAdoo met her at Santa Barbara and their friendship ripened into romance, it is said. Following their marriage, they will leave for Washington, D. C.

LITTLE WINS 2 HOLE LEAD OVER GOODMAN

Champion Cracks Par With a 71 Aided by Eagle Three at 16th Hole

By The Associated Press

THE COUNTRY CLUB, CLEVELAND, Sept. 13—Jack Little, in the final round of the Cleveland open golf tournament, today had turned back Ed Goodman, Johnny Goodman's brother, in the first half of the 6-1 to semi-finals of the U. S. amateur golf tournament.

Nearly all the Oklahoma shotmaker's opponents in the tournament, including Walter Emery, hit some remarkable shots to become four up on Joseph Daniel Reddan and this even-par golfing civil engineer, golf captain of the other semi-final duel.

Emery negotiating the first round in 73, to his rival's 76, played a miraculous shot from a tree around some trees for a birdie on the third hole and hit the ring with his tee shot on the 384 yard 10th. His deuce on that hole was his second of the day and tenth of the tournament.

FORGET-ME-NOT SALE DATE SET

Annual Event Planned by Disabled Veterans Auxiliary

Arrangements were made to assist in the annual Forget-me-not sale sponsored by Marion Chapter No. 42 Disabled American Veterans of the World war, Sept. 28 at a meeting of the Women's auxiliary to the chapter last night at the armory.

Miss Anna Marie Lawrence, auxiliary commander, named the chairman and captains to assist in the sale as follows: Mrs. Mildred Pickel, chairman; Mrs. Jos. Zilkensbaty, Miss Stella Rausch, Miss Cuba Hutchinson, Miss Minnie Bowen, Miss Cleo Mae Wetherington and Mrs. Margaret Morrison. They will head the volunteer workers. Joseph Morrison was named by Commander Ivan Wittlinger of the chapter to serve as chairman for the sale.

In a closing ceremony Miss Stella Rausch and Miss Luella Coddington sang Whispering Hope, accompanied at the piano by Mrs. Esther Koepfgen who also played Nearer My God to Thee during a minute's silence when the group stood facing the east as a memorial tribute to departed members. A meeting of the auxiliary will be held Sept. 24. The chapter will meet Sept. 27 at the armory.

OHIO FARMER'S LOT REPORTED BETTER

By The Associated Press

COLUMBUS, O., Sept. 13—Prof. H. C. Ramsower, head of the Ohio State university rural statistics service, said today things are looking up for the farmer.

Ohio farm cash income for the first six months of 1935 was $113,325,000, he pointed out, as compared to $87,000,000 for a similar period of 1934. The accounts include benefit payments.

"It does not, of course, have at least a full year record farm income this year, he commented.

HOP RECORD BROKEN BY LAURA INGALLS

NEW YORK, Sept. 13—Laura Ingalls, diminutive woman flier, landed at Floyd Bennett airport here last night at 10:41 p. m. Marion time, beating by 4 1/2 minutes the westbound transcontinental flight mark previously held by Amelia Earhart for women fliers.

Miss Ingalls official time was announced as 13 hours 34 minutes 7 seconds, far under the 17 hours 7 minutes and 30 seconds mark set by Miss Earhart.

The flight was figured to the time her ship appeared over the field at 10:18:05 (Marion time).

She might have made the trip in several minutes less time, she said, but she overshot the field and had to turn back because her radio compass went out of commission just west of Columbus, O.

SHERRILL SUGGESTS CHANGES IN RECORDS

Say Present Setup Does Not Reveal Accurately Amount State Spends

By The Associated Press

COLUMBUS, O., Sept. 13—The Sherrill government survey charged today the Ohio financial records fail to present a clear picture of how much the state spends.

It recommended an appropriation increase of $40,500 for installation of a double-entry accounting system, transfer of all financial recording functions to the finance department and elimination of dual control.

The appropriation increase, a report made by the survey committee to Gov. Davey said, will be more than offset by considerable potential savings by the efficient operation of accounting and bookkeeping installation alone.

Prepared under the direction of Col. C. O. Sherrill, the report is part of a series of a survey designed to reduce the cost of governmental operation. Pecuniary data for effecting economies totaling $10,000,000 have been outlined previously.

STRIKE RIOT THREAT BRINGS TROOP PLEA

Men Armed With Sawed Off Shotguns Enter Plant at Coshocton

By The Associated Press

COSHOCTON, O., Sept. 13—A strike at the Novelty Advertising Co. assumed a menacing aspect today, and pickets appealed to Gov. Davey to order in the national guard.

Seven men armed with sawed off shotguns entered the plant, William Ally, a watchman reported. He quoted them as saying they were acting under instructions from company officials.

Approximately 300 men and women armed with clubs and bricks surrounded the plant.

C. O. Schanbacher, president of the company, and other officials entered the plant and went into conference. They promised a statement later.

D. Wilson, representative of the International Printing Pressmen's union, said the company officials were escorted to the plant by two automobile loads of masked men. It was he who appealed for troops.

A police guard at the plant was strengthened.

HIS EXCELLENCY

One of a series of Associated Press sketches telling about the men who occupy the governors chairs in the various states

OLIN D JOHNSTON
Governor of South Carolina

OLIN D JOHNSTON set two political precedents in accession to the governorship of South Carolina this year he is the first World war veteran to be elected chief executive and the first state head to rise from the cotton textile population of Carolina Self educated he holds three college degrees and while attending the University of South Carolina was a heavyweight boxer a hobby which he carried with him in the 42nd (Rainbow) division during the war A tattered Bible which he had carried through 18 months of service overseas as a sergeant of engineers was used during his inaugural service last Jan 15

His term is for four years is a vigorous supporter of President Roosevelt and the new deal

Of old Southern stock he earned his first dollar hoeing cotton near his birthplace in Anderson County S C and worked five years as a textile laborer before educating himself to be a lawyer A strapping six footer he is 38 years old and married
